### Special IEEE Notification

Please note that IEEE Communications Preferences have been changed to clarify intent. As a result, there are changes to the "Contact Flags" in the subfolder within the "Member Info" folder. These changes represent a reverse in meaning to the original fields. For example "Do Not Call" is now "OK to Call", "Do Not Email" is now "Send E-Mail", etc. If you have saved queries in "My Folder" that include any "Contact Flags", you must remove them, and add the new ones. If the old fields remain in your query, the report will not run.

### Recent

Selected Columns

Double click on column names in the Subject Areas pane to add them to the analysis. Once added, drag-and-drop columns to reorder them. Edit a column's properties, formula and filters, apply sorting, or delete by clicking or hovering over the button next to its name.

Drop Columns Here.

Filters

Add filters to the analysis criteria by clicking on Filter option for the specific column in the Selected Columns pane, or by clicking on the filter button in the Filter pane header. Add a saved filter by clicking on add button after selecting its name in the catalog pane.

Add Filters Here.

Select information about members that you need to know. In most cases, you simply want member email addresses. Each of the entries in this list can be expanded and a great deal of information is available about each member.

The screenshot shows the Oracle Business Intelligence interface. On the left, there's a navigation bar with tabs for Criteria, Results, Prompts, and Advanced. Below it is a 'Subject Areas' pane containing a tree view of categories like 'SAMeee - for Volunteers' and various sub-options. A red box highlights this area, and a red arrow points from it to the 'Selected Columns' and 'Filters' panes on the right. The 'Selected Columns' pane contains instructions for adding and reordering columns, while the 'Filters' pane has similar instructions for applying filters. A yellow callout box with black text provides a summary of the task: 'Select information about members that you need to know. In most cases, you simply want member email addresses. Each of the entries in this list can be expanded and a great deal of information is available about each member.'

Selection Steps

A yellow arrow points to the "Results" tab in the top navigation bar.

Now click on the results tab. It might take a few minutes. SAMIEee will search members you are authorized to access and provide two columns – one is a list of email addresses, the second is a Y/N flag regarding their preference for receiving email. The two columns will be filtered according to the filter descriptions (ie. Only members who have listed email addresses and only members who have not opted out of receiving email).
