

Early Announcement:
**2015 IEEE MTT-S
Video Competition**

Overall Theme:

Humanitarian Applications
for Microwaves and RF

Objective:

Create a video explaining and illustrating/demonstrating a humanitarian application of microwaves and RF, from theory to societal impact

(last year's
winning entries)

Prizes: 1st place: \$2000

2nd place: \$1000

3rd place: \$500

*Top 10 teams will receive free student
IEEE and MTT-S memberships for 2016
(up to 3 members per team)*

Videos will appear on MTT-S and Microwaves101 websites

Open to: All graduate and undergraduate students

Format: Video posted to YouTube/YouKu

Content: Must be original content, 5 minutes or less, and in English with English subtitles

Audience: First or second-year undergraduate students

To Enter: Send full contact information and link to video to video2015@mtt.org

Judging: MTT-S members from industry and academia, including students

Deadline: Extended: Feb 29, 2016

Scoring: 50% creativity and 50% quality of presentation

Results: Announced at IMS 2016

Example Topics:

- ❖ Biomedical applications, such as vital sign monitoring
- ❖ Search and rescue applications
- ❖ Weather radar and other atmospheric sensing applications
- ❖ Communication infrastructure applications
