2019 IEEE Asia-Pacific Microwave Conference (APMC) and Technical Exhibition in Singapore

2019 IEEE Asia-Pacific Microwave Conference (APMC) will be held in Singapore from Tuesday, December 10 to Friday, December 13, 2019.

APMC dates back to 1986 in New Delhi, and it is now recognized as one of the premier international conferences of microwave community. Singapore is proud to organize the 2019 APMC. This event will continue the spirit of APMC, address important issues in the microwave community to exchange results and discuss collaboration.

APMC’19 will offer a rich scientific program of the highest quality with invited speakers from all over the world and provide a broad forum of exchange for both academia and industry alike.

The conference will cover the entire scope of microwave and millimeter wave engineering, including RF/microwave/THz, antennas & propagation and EMC/EMI. Prospective authors are invited to submit original papers on their latest research results. Proposals for special sessions, workshops and tutorials are also solicited and welcomed.

IEEE Microwave Theory and Techniques Society

The IEEE Microwave Theory and Techniques Society (MTT-S) is an organization, within the framework of the IEEE, of members with principal professional interests in the field of microwave theory and techniques. All Members of the IEEE are eligible for membership in the Society. Information about joining the IEEE or the Society is available on the web, http://www.ieee.org/membership.

MTT-S AdCom

The Society is managed by an Administrative Committee (AdCom) consisting of 21 elected members of the Society plus additional ex-officio members as provided in the MTT-S Constitution and Bylaws, which is available on the web, http://www.mtt.org.
